

VBC P-320NV

Oil based anti rust oil

Description P-320NV is water insoluble anti-corrosion oil for mid term indoor storage with oily thin film. It is suitable for mid-term 3 to 5 month rust- prevention at indoor-storage due to excellent rust-protection property.

Benefits

1. It has good rust protection performance with thin oily film.
2. It has good water displace performance.
3. It can be removed by mineral solvent and alkaline cleaning oil.

Properties	Contents	Results	Method
	Appearance	Yellowish brown, clear	Looking
	Specific gravity, 15/4 °C	0.820	KS M 2002
	Kinetic viscosity, 40 °C, cSt	2.7	KS M 2014
	Flash point, COC, °C	65	KS M 2010
	Salt spray test, hrs	48, A	KS M 2109
	Humidity cabinet test, hrs	480, A	KS M 2109

* Above test results are new fluid's typical properties, can be changed by quality improvement.

Application

Material : iron and steel stuff

Method : dipping, spray, brushing

Term of validity a year with sealing up and indoor storage between 0~40 °C

Safety Refer to the our MSDS for safety information

Caution

1. Please be careful about penetration of moisture while opening product.
2. The protection performance can be less caused by clearness, application, storage field, storage method of coated metal.
